

**THE COUNTY OF TRINITY**

**STATE OF TEXAS:**

**CERTIFICATION OF OSSF REQUIRING MAINTENANCE**

According to Texas Natural Resource Conservation Commission Rules for On-Site Sewage Facilities, this document is filed on the Deed Records for Trinity County, Texas.

The Texas Health and Safety Code, Chapter 366 authorizes the Texas Commission on Environmental Quality (TCEQ) to regulate on-site sewage facilities (OSSFs). Additionally, the Texas Water Code (TWC), § 5.012 and § 5.013, gives the TCEQ primary responsibility for implementing the laws of the State of Texas relating to water and adopting rules necessary to carry out its powers and duties under the TWC. The TCEQ, under the authority of the TWC and the Texas Health and Safety Code, requires owner's to provide notice to the public that certain types of OSSFs are located on specific pieces of property. To achieve this notice, the TCEQ requires a deed recording. Additionally, the owner must provide proof of the recording to the OSSF permitting authority. This deed certification is not a representation or warranty by the TCEQ of the suitability of the OSSF, nor does it constitute any guarantee by the TCEQ that the appropriate OSSF was installed.

An OSSF requiring a maintenance contract, according to 30 Texas Administrative Code § 285.91 (12) will be installed on the property described as (insert legal description): \_\_\_\_\_

The owner will, upon any sale or transfer of the above-described property, request a transfer of the permit for the OSSF to the buyer or a new owner. A copy of the planning materials for the OSSF can be obtained from Trinity County Permits.
